KP Solidarity

Started out as a bunch of friends sharing information about 03 of 2020, KP Solidarity is primarily Kashmiri youngsters banding, and bonding, over the struggle against implementation of SO 194/192 on PM Package.

In the strong Kashmiri Pandit genocide denying tradition of its predecessors, the current establishment, making light of the aspirants' situation, went ahead and scaled the peaks of injustice, by cutting the salaries of PM Package Employees by half, playing its part well in the game of tyrannical one-upmanship by further oppressing a side-lined and displaced community.

Not taking things lying down, this small but determined group of aspirants left no stone unturned in their democratic fight against this gross injustice meted out to an already weakened and marginalised section of society, suffering for the last more than 30 years, Kashmiri Migrants.

From community leaders to politicians, leaders of society to those at the establishment's helm, from press conferences to democratic street protests, multiple representations before the decision makers to creating mass awareness through mainstream and social media, every approach was implemented to the fullest.

Despite this long and arduous journey of grit and determination bearing no fruit, and several appeals through various channels not garnering the support of even 100/1997 aspirants, hope wasn't lost. Several top lawyers were consulted and it was settled that legal recourse will be taken after joining their duties.

To understand how SO 194/192 adversely affects us, know more about the untiring efforts made by KP Solidarity members, and to join our struggle for justice, please visit our social media or email us at
